**RE: Official Plan Amendment (OPA), Zoning By-Law Amendment (ZBA),
and Site Plan Control Applications (SPA) - Submission
33 Davisville Avenue & 60 Balliol Street, Toronto, ON**

To Whom it May Concern:

Osmington Gerofsky Development Corp (“OGDC”) is pleased to make an initial submission of the associated Official Plan Amendment, Zoning By-Law Amendment and Site Plan Control Application for the lands municipally known as 33 Davisville Ave and 60 Balliol Street (the “Subject Site”).

The Subject Site consists of a 21-storey, 266-unit rental apartment building located on the northern portion of the site fronting Davisville Avenue (33 Davisville Avenue). The southern portion of the site is currently used as a privately-owned open space (60 Balliol Street). The requested OPA, ZBA and SPA applications would permit infill intensification on the lands known as 60 Balliol Street (the “Development Site”) with a 39-storey residential building comprised of a 6-storey base building and 33 storey tower element on a developable site area of 2,879 square metres (0.28 ha). The existing 21-storey building currently on site at 33 Davisville Avenue will be retained.

The proposed development will include approximately 526 new dwelling units (in a mix of studio, one-bedroom, two-bedroom, and three-bedroom units) across 30,786 square metres of residential gross floor area. Please refer to the enclosed submission materials for further details regarding the proposed development.
